Hypnotic spoken word over electronic background about quasi meth mythical Maria Orsic...a medium from Germany who was active from the early 20ties to the end of World War 2 when her and her medium sisters disappeared ... she claimed to be in touch with a superior race of aliens from the Aldebaran Star system....some say she was ageless and has appeared and reappeared throughout history, going to Aldebaran for awhile then coming back...this is a totally fictional account of encountering her in the desert, in my version , she is also a beautiful SHAPE SHIFTER...that said, I do not endorse Nazis, Hitler or National Socialism in the least , not even...but like most guys , my head can be turned by a beautiful woman ....the following is a deleted wiki article about her...this article , along with most folklore about her MUST BE TAKEN WITH A TRUCKLOAD OF SALT and there is a damn sure bet that no one left alive can shed light on this ...the article: "She was born in Vienna. Her father was a Croatian and her mother was a German from Vienna.

Although various alleged photos and documents exist that verify Maria Orsitsch's existence, it was only until the 1960s that historians and writers began to note her involvement with Nazi Mysticism. Maria Orsitsch was first mentioned and pictured in 1967 by Bergier and Pauwels in their book "Aufbruch ins dritte Jahrtausend: von der Zukunft der phantastischen Vernunft".

Vrilerinnen Women

Maria Orsitsch was the head of the 'The All German Society for Metaphysics' (Alldeutsche Gesellschaft fÃ¼r Metaphysik) founded in the early 20th century as a female circle of mediums who were involved in extraterrestrial telepathic contact. The society was later renamed the 'Vril Society' or 'Society of Vrilerinnen Women'. In 1917 Maria Orsitsch is said to have made contact with extraterrestrials from Aldebaran with her female Vril circle. Later in 1919 the Vril circle met with other [Volkisch] groups in a small foresterâs lodge in the vicinity of Berchtesgaden to discuss a possible voyage to Aldebaran to meet the Aliens by the construction of Nazi ufos. Notes on this space mission are discussed in a recent detailed analysis of Nazi Occultism entitled 'Black Sun: Aryan Cults, Esoteric Nazism, and the Politics of Identity:

'Maria claimed to have received mediumistically transmissions in a secret German Templar script - a language unknown to her - containing technical data for the construction of a flying machine. Vril documents mention these telepathic messages had their origin in Aldebaran, a solar system 68 light-years away in the constellation Taurus'[1]

Disappearance

In 1945 Maria Orsitsch and the Vril Circle mysteriously disappeared. This has led to some writers, conspiracy theorists and Nazi Mystics (ie Jan Udo Holey) to believing Maria Orsitsch escaped to Aldebaran."
